

Global & Local Agri Center Partner Program

Strategic Partnerships Driving Innovation, Trade & Regional Growth

Building the Future of Agriculture Together

The Global & Local Agri Center Partner Program connects leading companies, innovators, investors, governments, academia, farmers, and solution providers within the international agriculture ecosystem.

Through a combination of global leadership platforms and regionally focused local events, the program creates valuable opportunities for:

- Strategic networking
- Market access and expansion
- Brand positioning
- Regional business development
- Knowledge sharing and innovation
- Government and institutional engagement

The program is designed to align global agricultural trends with regional needs and opportunities. Topics and focus areas are coordinated centrally through the Global Agri Center while tailored to the specific priorities, demands, and added value of each region.

The intention is to organize at least one — and potentially two — local events per year in each participating region.

Global Partnership Program

Global Partners are positioned as strategic leaders within the Global Agri Center ecosystem.

The Global Partnership Program is limited to a small, exclusive group of partners.

Global Gold Partner

USD 45,000 per year

Program Structure & Regional Approach

The Global & Local Agri Center Program combines international strategy with regional relevance.

Global Coordination

The Global Agri Center coordinates:

- Strategic themes and priorities
- International knowledge exchange
- Global partner alignment
- Cross-border collaboration opportunities
- International communication and positioning

Regional Focus

Local programs focus on:

- Regional agricultural challenges and opportunities
- Market-specific innovation needs
- Government and institutional priorities
- Local business development
- Regional stakeholder engagement

This approach ensures that every local event and partnership delivers practical value and measurable impact for participating organizations.

Why Become a Partner?

The small, exclusive group of partners benefit from:

- International and regional exposure
- Access to high-level agricultural networks
- Business development opportunities
- Visibility among policymakers and industry leaders
- Participation in innovation-driven ecosystems
- Direct engagement with regional markets
- Long-term strategic positioning in the agricultural sector
- Presenting products in the GrowGroup Webshop > www.growgroup.shop

This is the ideal moment to join us as an exclusive partner during the very first year of development of the Local Agri Centers. As an early partner, you will have the unique opportunity to contribute your insights and help shape the future of this innovative concept.

In addition, you will receive a first-right option to extend your partnership into the second year, when the first Local Agri Centers will be built and become operational. This secures your exclusive position within the project at an early stage. The number of exclusive partnerships is strictly limited — once all positions are filled, no additional partners will be accepted.

From day one, you will also benefit from the growing publicity surrounding the development of the Local Agri Centers. Your organization will be announced and recognized as an exclusive partner, providing valuable visibility and association with a pioneering initiative in sustainable and local food production.

And last but not least, you may present products in the GrowGroup Webshop.

Join us now and position your organization at the forefront of the future of agriculture and food security.

Partnership Overview

Partnership Level	Annual Contribution	Maximum Partners
 Global Gold Partner	USD 45,000	3
 Global Silver Partner	USD 22,500	5
 Global Bronze Partner	USD 9,500	10
 Local Gold Partner	USD 9,500	3
 Local Silver Partner	USD 6,500	6
 Local Bronze Partner	USD 4,500	10
 Local Member	USD 950	No max
 Local Event Partner	USD 25,000 per event	Exclusive

Prices are excluding VAT and for the first year only (prepayment, version July 22, 2026). You will receive an option with the first right to extend your partnership for the second year, but prices may change once the first Local Agri Centers have been built and are in operation.

Join the Agri Center Network

Become part of a powerful international and regional platform shaping the future of agriculture through collaboration, innovation, sustainability, and strategic partnerships.

 **Premium visibility. Strategic influence. International connections. Regional impact.**

Together, we create meaningful connections between global expertise and regional opportunities.

Together, we secure food supply, locally and globally.
